Air and Gas Purification Systems

JATREAT SYSTEMS

FOR ODOUR CONTROL

Offensive odours and pollutants arise in many areas within the processing industry. JATREAT odour scrubbers purify this air, eliminating complaints from the public and providing the opportunities for increased energy conservation.

Vertical Tub Scrubber

Compact versatile bulk fill tub scrubber for small or large air flows.

- Polypropylene construction
- Up to 1000mm bed depths available.
- Minimal plan area requirement

Deep Bed Scrubber

High capacity scrubber to handle larger air flows.

- Stainless Steel housing
- Deep bulk fill media beds in series.
- Adjustable bed depths.

Sewage Odour Scrubber

High performance unit to destroy strong concentrations of odour.

- Stainless steel housing.
- Vertical air flow.
- Modular unit/easy media replacement.

Displacement Unit

Odours from effluent holding tanks can be controlled simply with the displacement unit.
