

# HIGGINS & HEWINS

Air and Gas Purification Systems

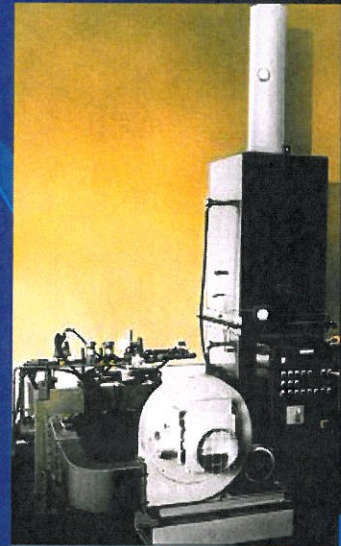

## TRY BEFORE YOU BUY!

We offer unequalled experience of air, gas, solids and liquids treatment.

Our systems are now available for trial, operating just as in your real process – proof before commitment.

Pilot plants help fine-tune your system for optimum performance before you buy. Always available, they are ideal for emergency use – and offer an immediate solution for short-term requirements.

- Dry or Wet Scrubbing
- Catalytic Oxidisers
- Wide range of air flows treated
- Fully packaged with fans and controls
